

Additional Note:

AMAAM shall remain as an internet based advocacy, educational and knowledge based group with a different or same name on behalf of refugees, immigrants and other vulnerable population groups who do not have power, till the next generation of young people with their tolerance and humility shall raise the mission again. We will continue our work on human right. For now, AMAAM closes its physical space for providing social adjustment services. It does not provide services. We thank all those who have given their heart and support, those who do have the American character of generosity, friendship , those who do have respect to the constitution regarding stake holders' dialog, those who do not use their power to deny others resources and money telling the others are” by their own” while they spend millions for their connections, those who are wise and fair in using of the tax payers money and who are ready to integrate immigrants to the society to be productive members. We are indebted to informed people who work in Government and some resettlement agencies who do the utmost work as best as they can. We ask the Lord for forgiveness as we forgive others who have trespassed against us. We say farewell to all with sincere humility and love.
