

HONORING AFRICAN FORMER REFUGEE LEADERS AND VOLUNTEERS

**On the occasion of week of World Refugee Day
With special emphasis on African refugees and immigrants.**

As we admire the courage and determination of refugees, we also admire and respect former refugees, people and volunteers who sincerely and altruistically work with them by virtue of their memory, their resilience, their solidarity, their friendship, their humility, their love and charity. This event is especially important at the time of closure of AMAAM as former refugees and refugees all over the world struggle courageously to make sense of their existence and life experience.

June 16, 2012
